Dear Sir/Madam:

The City of Ozark is applying for a grant through ADECA/U.S. Forestry Service for monies from the Land and Water Conservation Fund (LWCF). If awarded, the City would use these funds for refurbishment or replacement of the eight (8) tennis/pickleball courts at Steagall Park. Said court are 42 years old and in dire need of renewal.

A significant number of "points" are awarded by the U.S. Forestry Service to grant applicants who can demonstrate community support for their project via letters of endorsement and petitions from citizens and organizations.

We would so much appreciate it if you would write a letter of support towards achieving a grant award. If you would like to participate, the following are the elements needed to be included in your letter:

- Written on your official letterhead
- Statement of who you are and what your organization does
- **Why** you support the Ozark City Steagall Park Tennis Court Refurbishment/Replacement Project
- How you feel this project would impact Ozark

Thank you very much indeed for your time and kind consideration of this matter. Should you have any questions, you are welcome to contact our Grant Coordinator, Jackie Murphy, at 334-774-5393, extension 3267 or via email at j.murphy@ozarkal.gov.

Sincerely,

Mark Blankenship
Mayor
